

5. (Currently Amended) The cleaning doctor (1) according to ~~any of~~ claim 1, 2 ~~or 4~~, wherein said blade holder (7) is removably fixed to said frame (3) through fastening means (9).

6. (Currently Amended) The cleaning doctor (1) according to claim 4, wherein said groove (6) is made at the free end (10a) of said second side (10) along the face (10b) facing said surface (S) to be scraped.

7. (Currently Amended) The cleaning doctor (1) according to claim 1, ~~or 4~~ wherein said groove (6) has a U shaped across sectional profile receiving said doctor blade (5).

8. (Currently Amended) The cleaning doctor (1) according to claim 7, wherein said doctor blade (5) has a width (5a) greater than that (6a) of said groove (6).

9. (Currently Amended) The cleaning doctor (1) according to claim 2, wherein said blade holder (7) is made by a standard structural profile available on the market having an L shaped cross sectional profile.

10. (Currently Amended) The cleaning doctor (1) according to claim 1, wherein said frame (3) is coupled to said casing (2) by interposition of elastic means (11).

11. (Currently Amended) The cleaning doctor (1) according to claim 10, wherein adjusting means (12) are provided between said frame (3) and said elastic means (11), adapted to change the pressure of said doctor blade (5) on said surface (S).
